SUMMARY

Seeking to leverage my technical expertise and problem-solving skills to create successful implementations and innovative solutions.

Committed to achieving organizational objectives and making a positive impact.

Skills

- Python, Django, APIs
- Version Control systems
- Databases(MySQL, MongoDB)
- HTML, CSS, JavaScript
- Node.js
- Data analysis and visualization
- Dashboard building
- Microsoft tools

Hardware & Systems

- Software Development
- Hardware Maintenance
- Systems Support
- Networking
- Software Installations

Education

B.Sc. Mathematical Sciences
with IT: Maseno University

Certification

- Meta Back-End Developer
- Data Analytics

LANGUAGES

- English
- Kiswahili

Experience

Youth Advocate: Reproductive Health Network Kenya (RHNK)

- Advocated for the inclusion of youth voices in policy discussions
- Raised awareness on sexual health and rights among youth
- Supported peers in accessing health information and services

Information Communication Technology: Moi Teaching and Referral Hospital (MTRH)

- Developed proficiency in ICT through hands-on experience.
- Streamlined network connectivity through the deployment and maintenance of Ethernet cables.
- Managed ICT resources, overseeing maintenance of computer hardware and software.
- Provided technical support to staffs.

Python and Web Development: Tech OctaNet Services PVT LTD

- Tailored user interfaces to client specifications, delivering customized and user-friendly web solutions.
- Managed back-end services, APIs and database integration, ensuring seamless data flow and storage solutions.
- Automated routine tasks through scripting, saving significant time and reducing human error.

Full Stack Web Development: Bharat Intern

- Utilized MongoDB for database management, optimizing data retrieval and storage processes to enhance application speed and reliability.
- Developed and maintained full-stack web applications using HTML, CSS and Node.js, enhancing user experience and functionality.

Accomplishments

- Distinction in Meta-authorized Back-End Development courses, showcasing mastery in Python programming, Django framework, Database management, API integration and Version control.
- Completed IBM-authorized courses in Data Analytics and Data Visualization with distinction
